# Touch Pad Mounting plate

The mounting plate kit includes:
- Dual mounting plate and spacer
- Screws x 3
- Allen key

Attaching the plate

Locate the three mounting screw holes on the back of your Touch Pad

Attach the spacer and mounting plate to the Touch Pad as shown.

Hand tighten the screws using the allen key provided.

Once the plate is attached firmly, you can follow the instructions in the Touch Pad manual to attach the device to your mount.
